5th November 2020

RE: New National Restrictions

Dear Parents/Carers,

As you are aware, new national restrictions come into effect today, Thursday 5th November.

Schools remain open to all children and your children should continue to come to school as normal during this period.

All educational activities such as PE, ukulele and rugby will continue to happen as children are taught within their bubbles.

We are so pleased that children can come to school during this time. Their safety and that of our staff remains of paramount importance. Thank you for continuing to wear a face covering during pick up and drop off times. Please do keep your time on site to a minimum and maintain social distancing as much as possible.

Our best wishes to each of you during this next phase of lockdown. We hope you continue to stay safe and well.

A. L. Waddington

Mrs Waddington
Principal.
